IN THE SPECIFICATION:

Please replace the third full paragraph on page 3 of the specification with the following amended paragraph:

For a more complete understanding of this invention, reference should now be had made to the embodiment embodiment(s) illustrated in greater detail in the accompanying drawing drawings and described below by way of examples of the invention. In the drawings[[.]]:

Please replace the first full paragraph on page 9 of the specification with the following amended paragraph.

The network server 10, 100 110 validates the user identification by decrypting the authorization code. This information is then cross-referenced with the merchant code to identify the information available to the merchant. The merchant can then view the information stored within the server 10, 110, upload/download information, and perform transactions which are recorded at the server 10, 100 110.
